However, don't forget to configure all the browsers on your various terminals.

- Opposition platform

Several platforms of advertising professionals also offer you the possibility of refusing or accepting cookies used by their member companies. These centralised mechanisms do not block the display of advertisements, but only prevent the installation of cookies that allow advertisements to be tailored to your interests and behaviour.

For example, you can log on to the www.youronlinechoices.com website to prevent the installation of these cookies on your terminal. This site is proposed by digital advertising professionals grouped together within the European Digital Advertising Alliance (EDAA) and managed in France by the Interactive Advertising Bureau France.

You will be able to find out which companies are registered on this platform and which offer you the possibility of refusing or accepting the cookies they use to adapt, according to the data they collect, the advertisements likely to be displayed on your browser: <https://www.youronlinechoices.com/uk/your-ad-choices>.

This European platform is shared by hundreds of Internet advertising professionals and constitutes a centralised interface allowing you to express your refusal or acceptance of cookies as specified above.
